A Symbol of Excellence

We believe true luxury is found in absolute comfort, which is why every YUPOONG® product undergoes a rigorous process of research, testing, and quality control. The YP ("YP") mark stands as a symbol of our pride, devotion to perfection, and pursuit of Comfort Perfection, whether through the timeless Classic Adjustable, the revolutionary FLEXFIT®, or the next generation of comfort technology in the nu Series.

Guided by the spirit of excelsior, YUPOONG® and FLEXFIT® work tirelessly to ensure comfort and quality are never a concern, allowing you to experience complete ease and confidence in every detail. Look for our signature mark and know that you are in the hands of a team devoted to creating your perfect getaway.

The History of Stretch

Representing YUPOONG®'s commitment to comfort through innovation, FLEXFIT® is built on a foundation of pioneering design and technology. We've perfected the art of a seamless fit, creating a unique experience that intuitively adapts to you.

This dedication goes beyond a simple fit, it's a full suite of patented technologies crafted to enhance every moment. From advanced moisture-wicking capabilities to weight-optimized construction and sustainable materials, every detail is engineered to deliver an unparalleled level of comfort. Whether you're lounging by the pool or enjoying an active afternoon, our innovations ensure you always feel perfectly at ease.

Core Technology

FLEXFIT® TECH
Proprietary stretch sweatband that contours for a precise, comfortable fit across a wide range of sizes.

FLEXFIT® MESH
Advanced stretch mesh technology providing flexible, breathable backs for superior ventilation.

ACTIVEGUARD™
Patented sweat and stain management system that channels moisture to the underbrim, keeping outer panels looking clean and feeling dry.

PERMACURV®
Innovative bill technology that maintains its perfect shape wear after wear.

Fabric Technology

PRO-FORMANCE®
Premium wool blend with Cool & Dry technology for luxurious comfort and advanced sweat management.

HYPER TECH
Cool & Dry performance fabric with thermal regulation, certified UV protection, and antibacterial properties.

HYBRID TECH
Dual-layer moisture management: Cool & Dry inner sweatband combined with moisture-wicking outer fabric for all-around comfort.

ULTRAFIBRE
Durable fabric panels providing a wind- and water-resistant outer shell for protection in any condition.

Feature Technology

STAIN BLOCK TECH
Advanced three-layer sweatband engineered to absorb sweat and minimize visible stains.

FLEXIBLE BILL
Lightweight, packable bill designed to bend, fold, and return to its original shape with ease.

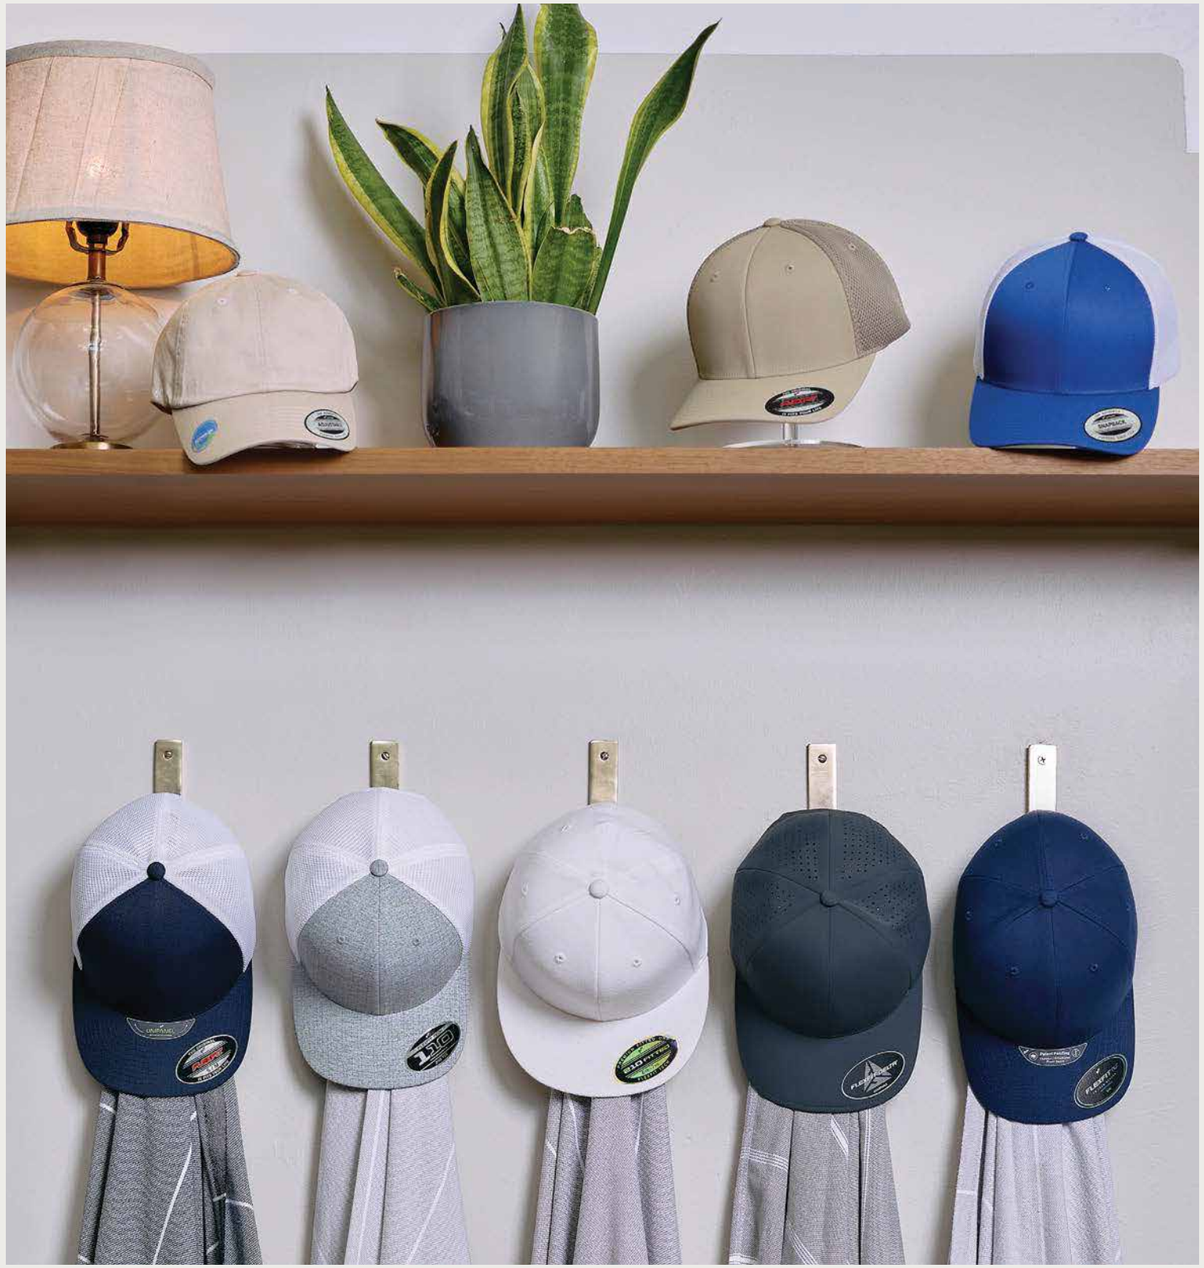
COOL & DRY
Rapidly wicks sweat and moisture to maintain peak comfort in any activity.

ECOWASH™
Patented Technology using 98% less water, 70% less energy, and zero harmful chemicals.

UNIPANEL
Panel design enabling full-panel graphics for maximum visual impact.

ECODRY™
Chemical-free water-repellency treatment that protects against moisture without harsh chemicals.

Product Guide



nu SERIES

PAGE 8-11

FLEXFIT nu® The Flexfit nu® Cap combines original FLEXFIT® Technology with advanced moisture-rerouting ActiveGuard™. Its innovative nu capabilities enable easier customization and enhanced performance through patent-pending Tri-Layer Technology. This proprietary design ensures maximum quality, offering a tapered profile and thinner front panels for optimal embellishment.

FLEXFIT 110 nu® The Flexfit 110 nu® Cap combines original FLEXFIT® Technology with advanced moisture-rerouting ActiveGuard™, purposefully designed with adjustability. Its innovative nu capabilities provide easier customization and enhanced performance through patent-pending Tri-Layer Technology. This proprietary design ensures maximum quality, offering a tapered profile and thinner front panels for optimal embellishment.

YP CLASSICS nu® Our best-selling trucker cap, featuring premium mesh panels for breathability, now incorporates innovative nu Technology. Enhanced with moisture-rerouting ActiveGuard™, it delivers elevated wearability. Developed with proprietary, patent-pending nu Series Technology, the cap combines a tapered profile and thinner front panels for optimal embellishment and maximum design quality.

YP CLASSICS®

PAGE 12-24

Our commitment to quality and comfort is our legacy. Since 1974, we have meticulously crafted every detail with the finest materials and an unwavering dedication to quality. Each element reflects this heritage, carefully inspected to uphold a timeless standard of comfort.

FLEXFIT®

PAGE 25-31

FLEXFIT The One and Only Original® comfort technology delivers a seamless experience that feels custom-made for you. More than just a perfect fit, it embodies the original promise of a new kind of luxury, effortless elegance designed to embrace a wider range of preferences.

FLEXFIT DELTA®

PAGE 33-34

FLEXFIT DELTA®'s technologies deliver an effortlessly lightweight, sleek aesthetic. Combined with a unique, exclusive FLEXFIT DELTA® sweatband featuring Stain-block and ActiveGuard™ Technologies, it ensures the most dynamic comfort experience.

FLEXFIT 110®

PAGE 35-39

True luxury should be all-inclusive. By combining FLEXFIT® technology with an adjustable band, we create a more tailored fit that effortlessly accommodates a wider range of sizes and preferences, ensuring a perfect fit, every time.

FLEXFIT 210®

PAGE 40

Inspired by premium on-field baseball gear, the FLEXFIT 210® blends the comfort of FLEXFIT® Technology with a soft, luxurious wool-blend texture, creating the aura of a truly premium product.

TECH OVERVIEW

FLEXFIT TECH · MESH FLEXFIT · Moisture Reducing Sweatband Fabric · PERMACURV

We have refined the art of a worry-free design experience. The nu Series features an innovative panel design that reduces front layer thickness, ensuring flawless execution for any design. Combined with ActiveGuard™ Technology, the nu Series delivers a more confident, comfortable, and lasting experience.

With embroidery speeds tested at over 1,000 RPM without breakage, nu Technology offers a carefree production experience, optimized to get the most out of your design. Featuring ActiveGuard™ Technology, it also delivers a more confident, longer-lasting comfort experience.

NEW 6606nu

YP CLASSICS nu®

Our best-selling trucker cap now features nu Technology with ActiveGuard™ moisture rerouting technology. Developed with proprietary, patent-pending front-panel technology, delivering a sleeker profile, and thinner front panels for optimal embellishment and maximum design quality. Finished with breathable mesh panels, a matching snapback closure, and 8 rows of stitching. Esteemed since 1974.

Effortlessly Elevated

FLEXFIT 210®

6210

TECH OVERVIEW

Inspired by retro in-field baseball caps, the Flexfit 210® combines FLEXFIT® Stretch Technology with a premium wool blend for an elevated, high-quality experience.

MULTICAM®

6277MC 6606MC 6089MC 6006MC

MultiCam® patterns were developed to deliver maximum effectiveness across diverse operating environments while minimizing logistical burdens. Each pattern serves a distinct purpose, yet they are designed to work together as a cohesive system, capable of meeting the demands of nearly any operational setting.

REALTREE®

110MRC 6606RC

Patterns designed and refined through nearly 40 years of relentless innovation in camo design, Realtree® remains at the forefront of fabric development and printing technology to ensure unmatched quality and reliability.

VEIL CAMO

6277VC 6606VC

For over a decade, VEIL CAMO® has led the way in camo development, ensuring that the world's top brands have distinct, high-performing, and visually striking identities.

KRYPTEK®

6277KR 6606KR

Kryptek® delivers combat-proven features and designs in ultra-high-performance technical and tactical outdoor apparel. Its products are rigorously tested and proven in harsh combat environments and extreme hunting conditions.

Crafted for Every Terrain

The trademark MULTICAM® is owned by Lineweight LLC., and Flexfit® is authorized (or licensed) by Lineweight LLC. to manufacture headwear products using MultiCam® fabrics.

Hat Components

BILL

A fabric-covered round piece attached to the front of the cap.

Made to help shield the eyes from the sun, bills come in a wide range of shapes and curvatures to cater to a variety of headwear styles.

CROWN

The distance from the bottom edge of the cap to the top of the head.

This helps determine the depth of the cap. A smaller number means the cap will sit higher on the head while a larger number means the cap will sit lower.

PANELS

Triangular pieces of fabric that are stitched together.

These pieces come together to form the main rounded structure of the cap. Depending on the style, caps generally consist of 5 or 6 panels.

CLOSURE

The back piece of the cap that determines fit and adjustability.

There is a wide range of closure types such as snapbacks, buckles, and plastic hooks made to give our customers the perfect fit.

PROFILE

The slope of the cap's crown.

Low-profile caps tend to have crowns that are more angled while high profile caps have crowns that are more perpendicular to the bill.
